By registering as a proposer for AI REGIO calls:

- You certify that the information provided in your application is true
- You accept [the Privacy policy, terms and conditions](#)

I have read and agree with the aforementioned conditions

PROPOSER REGISTRATION

Once all the information is completed and submitted you will receive an email to confirm the registration.

Dear

Thank you for registering in the Evaluation Management System (EMS). This message is sent to ensure that you are aware of this action and that it was initiated by yourself. If this is not the case, please contact our help desk without delay.

Please confirm your EMS account by clicking on this [link](#)

Once confirmed, you will be asked to complete the second step of the registration process. After that, you will have access to EMS and future notifications will be sent to this email address.

Your login credentials are:

CONSORTIUM PARTNERS

Identification data of the **SME** leading the experiment will be automatically displayed in this section

Introduce the identification data of the **DIH** participating in the experiment

Introduce the identification data of the **ICT technology provider/RTO** participating in the experiment (if applicable)

TECHNICAL PROPOSAL

The screenshot shows a web application interface for submitting a technical proposal. At the top, there is a navigation bar with the AI REGIO logo, links for 'Support', 'Calls', and 'My area', and a 'Logout' button. Below the navigation bar, the breadcrumb path is 'My area > My proposals > 001 > Technical proposal'. On the left side, there is a vertical menu with five items: 'General details', 'Consortium partners', 'Technical proposal' (which is highlighted in blue), 'Annexes', and 'Submission'. Below the menu, a message reads: 'Please make sure that you save all your changes before moving to a next section.' The main content area is a form for the 'Technical proposal'. It has a title 'Experiment summary (Left 2500 / Max. 2500 characters)' and a sub-instruction: 'Include a summary of the experiment in around 300 words. Including objectives, sector of activity and technologies to be used.' Below this is a large text input field with the placeholder text 'Experiment summary'. At the bottom right of the form is a blue 'Save' button with a download icon.

Upload

Additional documentation to support the Proposal experiment

Maximum: 20 MB
Type of document: Any format
Mandatory: No
Template: -

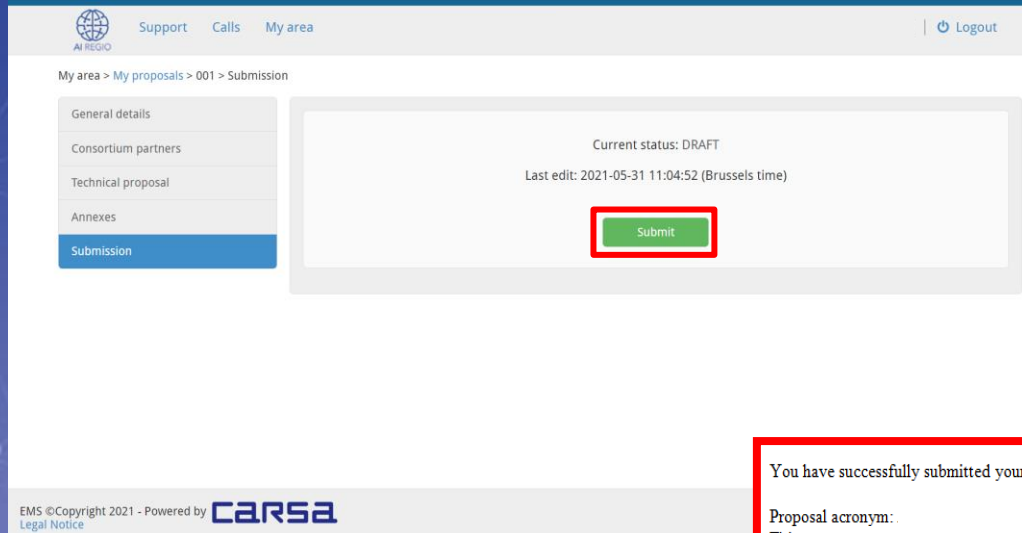

Seleccionar archivo Ningún archivo seleccionado

Upload

Upload the proposal following the **AI REGIO Open Call Proposal Template** available in this section.

Upload any additional documentation to support the proposal experiment. Any type of file is accepted.

SUBMISSION

Once the Proposal is completed, click "Submit". Applicants will have the **chance to submit new versions** of their Proposal as many times as they wish before the call closure. Only the last version submitted before the deadline will be considered in the evaluation.

You have successfully submitted your proposal. Please find below the details of your proposal submission:

Proposal acronym:
Title:
Proposal ID number:
Version:
Date and time of submission:
Call closure:

Please note that you may edit and resubmit your proposal before the deadline. Only the latest submitted version will be considered for evaluation. Official acknowledgement of receipt will be sent to you after the call's closure.

Kind regards,
The EMS Administration

An acknowledgement of receipt will be sent out via email to all successfully submitted Proposals. However, this receipt will not be proof that the Proposal is eligible for evaluation.
